ASSIGNMENT

(BDI Patent Assignment)

This Assignment ("Assignment") is made and entered into as of July 1, 2003, by R. Eric Montgomery, Oraceutical Innovative Properties, LLC, a Delaware limited liability company, and Oraceutical LLC, a Delaware limited liability company (collectively "Assignor"), in favor of BriteSmile Development, Inc., a Delaware corporation ("Buyer").

RECITALS AND REPRESENTATIONS:

- A. Assignor, Buyer and certain affiliates of Buyer are parties to that certain Asset Purchase Agreement (the "Purchase Agreement") of even date.
- B. Assignor owns or may assert a claim to all or to a portion of the right, title, and interest in and to the following (collectively the "Patents"):
- (a) all Letters Patent of the United States or any other country, and all applications for Letters Patent of the United States or any other country, which applications and Letters Patents are owned or controlled by Assignor as described in Exhibit A attached hereto and disclose and/or claim part or all of the Technology (as defined below) and the Related Technology (as defined below) together with all Letters Patent which subsequently issue from such patent applications;
 - (b) all re-issues, re-examinations, continuations, divisions, continuations-in-part, renewals, substitutes or extensions thereof and any foreign counterpart applications including the right to claim international priority;
 - (c) the patentable inventions of Assignor disclosed or claimed therein, including exclusivity respecting the right to make, have made, use, import offer for sale and/or sell (or license or otherwise transfer or dispose of) such inventions;
 - (d) the right (but not the obligation) to prosecute such applications; and
 - (e) the right to enforce (but not the obligation, except as otherwise provided in the Purchase Agreement) such Letters Patent and applications, and collect damages, if any, for infringement by any third parties which infringement occurred prior to or after the date hereof.

C. Pursuant to the terms of the Purchase Agreement, Assignor desires to transfer all of its claims, right, title and interest to any or all of the Patents to Buyer, and Buyer desires to secure same.

1. Grant. In consideration of \$10.00 and other good and valuable consideration paid to Assignor by Buyer, the receipt and sufficiency of which Assignor hereby acknowledges, Assignor hereby assigns to Buyer its entire claim, right, title, and interest in the Patents and in any portion thereof.

2. Miscellaneous

2.1 Assignor hereby authorizes and requests the United States Commissioner of Patents and Trademarks, and such patent office officials in foreign countries as are duly authorized by their patent laws to issue any and all patents on the inventions which are claimed or disclosed in the Patents (the "Inventions") to Buyer as the owner of the entire interest, for the sole use and benefit of Buyer, its successors, assigns and legal representatives.

2.2 Assignor hereby agrees, without further consideration and without expense to it, to sign all lawful papers and to perform all other lawful acts which Buyer may request to make this assignment fully effective, including, by way of example but not of limitation, the following:

(a) Prompt execution of all original, continuation, continuation-in-part, divisional, substitute, reissue, re-examination and other United States and foreign patent applications on said Inventions, and all lawful documents requested by Buyer to further the prosecution of any of such patent applications; and

(b) Cooperation to the best of its ability in the execution of all lawful documents, the production of evidence, nullification, reissue, extension, interference or infringement proceedings involving said Inventions.

2.3 The execution, delivery and performance of this Assignment and the consummation of the transactions contemplated by this Assignment are in all respects subject to

and in consideration of the representatives, warranties and covenants of Assignor in favor of Buyer set forth in the Purchase Agreement.

2.4 No party hereto shall be deemed to be the representative, partner, joint-venturer, or agent of any other party hereto by virtue of this Assignment.

2.5 This Assignment may be amended, modified, superseded, canceled, renewed, or extended and the terms and conditions hereof may be waived only by a written instrument signed by the parties or, in the case of a waiver, by the party waiving compliance.

2.6 This Assignment shall be governed by and construed in accordance with federal law and with the laws of the State of Delaware, and any lawsuit arising therefrom shall be heard in a court of competent jurisdiction in the State of Delaware.

2.7 In the event that any condition, covenant, or other provision herein contained is held to be invalid or unenforceable by any court of competent jurisdiction, the same shall be deemed severable from the remainder of this Assignment and shall in no way affect any other covenant or condition herein contained. If such condition, covenant, or other provision shall be deemed invalid or unenforceable due to its scope or breadth, such condition, covenant, or other provision shall be deemed valid to the extent of the scope or breadth permitted by law.
